

Special Educational Needs and Disabilities Policy

Committee Name:	Full Governing Body
Date of Approval:	October 2019
Validity Date:	2019-2020
Person responsible:	Head Teacher

‘Together We Live and Grow in the Love of Jesus Christ’

This policy works in partnership with the Accessibility Plan and The Child Protection Policy

This Special Educational Needs and Disability Policy reflects our acknowledgement of the Special Educational Needs of our Pupils.

This policy gives guidance and reminders to **all** staff.

Legislation and guidance

This policy and information report is based on the statutory Special Educational Needs and Disability (SEND) Code of Practice and the following legislation:

- Part 3 of the Children and Families Act 2014, which sets out schools’ responsibilities for pupils with SEN and disabilities
- The Special Educational Needs and Disability Regulations 2014, which set out schools’ responsibilities for education, health and care (EHC) plans, SEN co-ordinators (SENCOs) and the SEN information report
- Keeping Children Safe in Education 2018, which sets out school’s duties to safeguard and promote the welfare of children.

Mission statement

We believe that we are all God’s children. At St Saviour’s C of E Primary School, we provide a high quality academic education and pastoral care for all pupils according to their needs and regardless of faith, ethnicity, gender, race or sexual orientation. We aim to develop attitudes of mutual respect and responsibility within a framework of a Christian environment.

St. Saviour’s CE Primary School identifies pupils as having Special Educational Needs if they meet the definition as set out in the Draft Special Educational Needs (SEN) Code of Practice (DfE, July 2014).

This defines SEN as;

- A child or young person has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for him or her.
- A child of compulsory school age or a young person has a learning difficulty or disability if he or she:
 - has a significantly greater difficulty in learning than the majority of others of the same age, or
 - has a disability which prevents or hinders him or her from making use of educational facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions
- Many children and young people who have SEN may have a disability under the Equality Act 2010 – that is ‘...a physical or mental impairment which has a long term and substantial adverse effect on their ability to carry out normal day-to-day activities’.
(Introduction)

The school provides for pupils whose special educational needs broadly fall into the 4 areas of:

1. Communication and interaction
2. Cognition and learning
3. Social, emotional and mental health difficulties
4. Sensory and/or physical needs

Guiding principles

- At St. Saviour’s CE Primary School, we believe that all of our pupils, regardless of gender, ethnicity, ability, disability or sexual orientation are entitled to a high quality education that will maximise their life chances.
- All pupils are entitled to an education that enables them to:
 - achieve their best
 - become confident individuals living fulfilling lives, and
 - make a successful transition into adulthood, whether into employment, further or higher education or training

Safeguarding and SEND

There are identifiable groups of children who are at greater risk of harm. Among the groups considered at greater risk are children who:

- are disabled and have specific additional needs
- have SEN
- Emotional and Mental Health needs.

Understanding the risk factors behind child abuse enables St Saviour’s School to target those children and families at greatest risk and ensure that monitoring processes are

particularly robust for those pupils. We have fostered a strong and effective partnership between the SENCO, designated safeguarding officers and pastoral lead teachers. We identify children and siblings with the highest risks on intake to the school and over subsequent terms and all staff have annual safeguarding training as well as regular Vulnerable Children meetings. By linking the information on the school's SEN register, those with poor attendance, children who are looked-after, children with multiple exclusions and those who score highly on other risk factors, resources are effectively focussed.

Children with special educational needs (SEN) and disabilities can face additional safeguarding challenges and our child protection policy reflects the fact that additional barriers can exist when recognising abuse and neglect in this group of children.

These can include:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- being more prone to peer group isolation than other children;
- the potential for children with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs; and
- communication barriers and difficulties in overcoming these barriers.

In order to protect children with SEND, we have put in place extra pastoral support for them. This includes One Page Profiles (kept in class files), dedicated Listening Partner sessions, developing Social Stories for more vulnerable pupils and developing Speech and Language skills so that children can communicate effectively. We also prepare children for secondary transfer.

All staff know the children and their individual needs and know which members of staff to report any concerns to.

Objectives of the school's Special Educational Needs and Disabilities (SEND) Policy

We will ensure that a child or young person with SEN will have their needs met through a rigorous programme of identification, assessment, planning and support.

To achieve this;

- The views of the pupil will be sought and taken into account
- Our parents have a vital role to play in supporting their pupil's education
- Our pupils with SEND will be offered full access to a broad, balanced and relevant education, including an appropriate curriculum
- The school will manage its resources to ensure all pupils' needs are met
- A pupil's special educational needs will be identified early
- Provision and progress for our SEND pupils will be monitored and reviewed regularly
- The school will involve outside agencies when appropriate
- Education, Health & Care Plans will be reviewed regularly in line with regulations
- Appropriate training will be provided for those involved in the implementation of the policy

Where a SEND is identified, the school will put appropriate evidence-based interventions in place. These will be provided as part of a Graduated Response, which includes regular review of the progress made and adaptations to the support provided as required.

How the policy will contribute to meeting the objectives

The effectiveness and appropriateness of the policy will be continuously monitored by the Special Educational Needs and Disabilities Coordinator (SENCO) in conjunction with the SEND Representative from the Governing Body.

The use of resources, identification, programme planning, effectiveness and quality of individual planning, pupil progress, pupil participation, parents as partners, statutory reviews, referrals for statutory assessment, the identification of training needs and the use made of support services will be monitored and evaluated regularly.

In addition, the school will annually undertake a self-evaluation of the effectiveness of its policy in order to both update the policy and to plan further improvements and development.

The arrangements that have been made for coordinating the provision of education for pupils with SEND at the school.

The school's provision for pupils with SEND will be coordinated by Claire Robson (the SENCO for the school).

The SENCO has an important role to play with the head teacher and governing body, in determining the strategic development of SEN policy and provision in the school. At St. Saviour's CE Primary School the SENCO is part of the school leadership team.

The SENCO has day-to-day responsibility for the operation of SEN policy and coordination of specific provision made to support individual pupils with SEN, including those who have EHC plans.

The SENCO provides professional guidance to colleagues and works closely with staff, parents and carers, and other agencies. The SENCO is aware of the provision in the Local Offer and is able to work with professionals providing a support role to the family to ensure that pupils with SEN receive appropriate support and high quality teaching.

The key responsibilities of the SENCO are:

- overseeing the day-to-day operation of the school's SEN policy
- coordinating provision for children with SEN
- liaising with the relevant Designated Teacher where a looked after pupil has SEN
- advising staff on the graduated approach to providing SEN support

- advising on the deployment of the school's delegated budget and other resources to meet pupils' needs effectively
- liaising with parents of pupils with SEN
- liaising with early years providers, other schools, educational psychologists, health and social care professionals, and independent or voluntary bodies
- being a key point of contact with external agencies, especially the local authority and its support services
- liaising with potential next providers of education to ensure a pupil and their parents are informed about options and a smooth transition is planned
- working with the head teacher and school governors to ensure that the school meets its responsibilities under the Equality Act (2010) with regard to reasonable adjustments and access arrangements
- ensuring that the school keeps the records of all pupils with SEN up to date

In addition to the SENCo, there is a specialist team of people who support the work of the SENCo. Their roles and responsibilities are;

Head Teacher: Lindsey Woodford.

Deputy Head Teacher: Libby Granite

SENCO: Claire Robson

Senior Management Team: Josie Wilson (Responsible for Vulnerable Children and Safeguarding), Claire Robson, Mark Harding

Class Teachers / TAs:

Nursery	Claire Robson/ Janette O'Brien/ Tina Southwood/ Colette Weekes
Reception	Tracy Spence / Anna Vasiliou
Year One	Lucy Cornelius/ Mande Eastman
Year Two	Jenifer Strange/ Beverley Smith and Donna Squires
Year Three	Chloe Horn/ Ann El Sahn
Year Four	Rob Oxley/ Mark Pearman/ Sabina Deutrom (LSA)
Year Five	Mark Harding / Merly Dawkins
Year Six	Lisa Daly / Marta Pearman

Specialist Teachers: Amy Hodgson/ Ladan Jalali/ Sophie Smallhorn/ Jamie Lyons

The admission arrangements for pupils with SEN who do not have an Education Health Care Plan in so far as they differ from the arrangements for other pupils.

The admission arrangements for pupils with SEN who do not have an EHCP are the same as the school for a whole.

Please see the Local Offers for Brent and Westminster for information on School Admissions for Pupils with an EHCP. Individual applications are assessed on a case by case basis as we need to assess whether we are able to meet a child's specific needs.

<https://www.westminster.gov.uk/local-offer> (for Westminster residents only)

<https://www.rbkc.gov.uk/localoffer> (for Kensington and Chelsea residents only)

<http://brent.gov.uk/localoffer> (for Brent residents only)

Facilities for pupils with SEN at the school including facilities that increase/assist access to the school by pupils who are disabled.

The school seeks to comply with the 2010 Discrimination and Disability Act.

The identification, assessment and provision for pupils with SEND at St Saviour's School

SEN Funding

The school's SEN provision is funded largely from the school's overall budget and is allocated largely on the basis of individual need. Support is graduated according to needs, priorities and availability of resources. When it is agreed to place a pupil on the school's SEN register it is because their additional needs are significant and they require additional support that the school may fund up to an additional £6k. In exceptional cases the school can apply to the LA for top up funding. Pupils who have an Education Health & Care Plan will have an agreed package of support from the Local Authority through the Personal Budget arrangements.

How pupils with special educational needs are identified and their needs determined and reviewed.

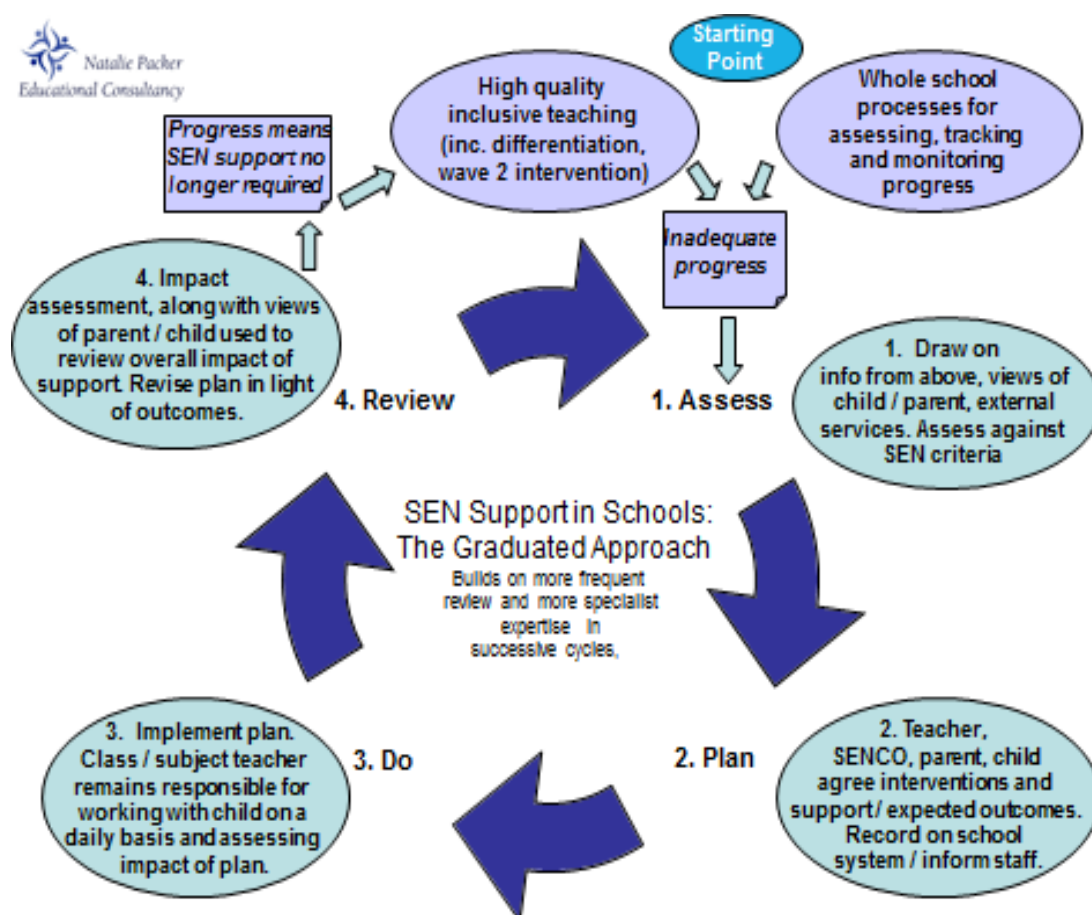

All teachers are responsible and accountable for the progress and development of all the pupils in their class, even where pupils access support from teaching assistants or specialist staff. Where a pupil is not making adequate progress, teachers (class teachers or form tutors) and SENCOs and parents will collaborate on problem-solving, planning support and teaching strategies for individual pupils.

High quality teaching, differentiated for individual pupils, is the first step in our school's response to pupils who have or may have SEN.

The identification of SEN will be built into the school's overall approach to monitoring the progress and development of all pupils.

In line with the 2014 Code of Practice requirements the school will deliver a Graduated Response Model as described in the diagram below for pupils identified as having SEND

(with thanks to Natalie Packer, Natalie Packer Educational Consultancy
www.nataliepacker.co.uk/):

Action by class / specialist teacher (prior to involvement of the SENCO).
Class / specialist teachers will be expected to have undertaken the following actions)

- Use existing information as a starting point
- Highlight areas of skills to support in class
- Use baseline assessment to identify what child knows, understands and can do
- Ensure ongoing observation/assessment provides feedback so assessment forms basis of next steps
- Involve parents
- Involve child
- Will not have assumed difficulties are within the child
- Use of National Curriculum programmes of study, effective management, ethos, learning environment and curriculum arrangements
- Differentiation – match planning to individual needs
- Take responsibility for planning and overseeing any interventions or support arrangements to address the child's learning difficulties.

Arrangements will be monitored to identify those pupils not making sufficient progress with this level of support because of their special needs. At this point the SENCO is consulted and they will decide whether the pupil should be placed on the school's SEN register.

SEN register

Placing pupils on the school's SEN register

- Will be considered when pupils are unable to make appropriate progress and involves experts advising on a personalised plan, specialist assessment, advice on new strategies, additional support
- Triggers – little progress over time, levels of attainment are below age expected level or there are serious cognition/social & emotional/physical/sensory/communication/ interaction difficulties. Interventions have not made a significant improvement

The Graduated Response

This will be led by the class teacher in partnership with the SENCO.

It will commence once it has been demonstrated that high quality teaching and learning arrangements as part of normal classroom planning, support and interventions are not enabling the pupil to make good enough progress, and where assessment data indicates this is because special educational needs are providing a barrier to learning.

Consideration of whether special educational provision is required should start with the desired outcomes, including the expected progress and attainment and the views and wishes of the pupil and their parents.

The outcomes considered should include those needed to make successful transitions between phases of education and to prepare for adult life.

In consultation with the pupil and parents a plan will be drawn to achieve the agreed outcomes through support and intervention arrangements. The Graduated Response plan will ensure that;

- External agencies will be contacted and will see existing records and carry out their own assessments
- The SENCO and class teachers will consider a range of approaches and materials including ICT
- Plans for the use of support will relate to a clear set of expected outcomes, which should include stretching and relevant academic and developmental targets (including for older pupils, and young people, targets around preparing for adulthood).
- Progress towards these outcomes will be tracked and reviewed termly through a 4 step model, and will be repeated as many times as is necessary.
- The steps are ASSESS ⇒ PLAN ⇒ DO ⇒ REVIEW

The termly review meeting

This meeting will be led by a teacher with good knowledge and understanding of the child or young person who is aware of their needs and attainment. This will usually be the class teacher or form tutor, supported by the SENCO. It will provide an opportunity for the parent to share their concerns and, together with the teacher, agree their aspirations for the child.

These discussions will be enabled to allow sufficient time to explore the parents' views and to plan effectively. Meetings will, wherever possible, be aligned with the normal cycle of discussions with parents of all pupils. They will, however, be longer than most parent-teacher meetings.

The school's provision map

The school will maintain a provision map of the support, arrangements and interventions available to ensure that pupils with SEN can access learning and maximise their achievements.

The School's Approach to Identification and Assessment of SEN

At St. Saviour's CE Primary School we have an agreed approach to the identification and assessment of SEN taking into account the nature of the special needs.

Identification includes the use of high quality formative assessment, as well as effective tools and early assessment materials. The main source of outside agency support is from the Local Authority or the school's own commissioned professionals. This could be from the Educational Psychologist, Additional Needs Teachers or Health Professionals e.g. speech and language therapists, physiotherapists etc. Informed parental permission is required before such consultations can take place.

For higher levels of need, our school has arrangements in place to draw on more specialised assessments from external agencies and professionals.

Where pupils do not make sufficient progress, despite the school making purposeful and relevant interventions, in this case it may be appropriate to ask the LA to carry out a statutory assessment of their needs to see if they are eligible for an Educational Health and Care Plan (EHCP). The LA will seek evidence from the school that any strategy or programme implemented for the child in question has been continued for a reasonable period of time without success and that alternatives have been tried. The LA will need information about the pupil's progress over time, and will also need clear documentation in relation to the pupil's special educational needs and any action taken to deal with those needs, including any resources or special arrangements put in place.

In preparing a request the school will involve the parents, pupils and outside agencies and refer to Chapter 8 of the Code of Practice.

Education Health and Care Plans (EHCP)

Once a pupil has an EHCP naming St Saviour's CE Primary School, the Head teacher of the school will ensure that those teaching or working with the child or young person are

aware of their needs and have arrangements in place to meet them. The school will ensure that teachers monitor and review the pupil's progress during the course of a year. Formal reviews of the EHC plan will take place at least annually. If a pupil's SEN change, the local authority will be informed and will arrange to hold a review as soon as possible to ensure that provision specified in the EHC plan is appropriate. For further information on EHCPs please see the Local Authority's Local Offer.

Access to the National Curriculum.

At St Saviour's CE Primary School, we follow the new National Curriculum statement on Inclusion. We expect our teachers to set high expectations for every pupil and aim to teach them the full curriculum, whatever their prior attainment. Teachers will use appropriate assessment to set targets which are deliberately ambitious. Lessons are planned to address potential areas of difficulty and to ensure that there are no barriers to every pupil achieving. In many cases, such planning will mean that our pupils with SEN will be able to study the full national curriculum. Potential areas of difficulty will be identified and addressed at the outset of work.

At St. Saviour's CE Primary School, we make every effort to make adaptations to curriculum, teaching and the learning environment to meet the needs of individual pupils, and where appropriate as part of the planning for the pupil we provide access to ancillary aids and assistive technology.

How the governing body will evaluate the success of the education which is provided at the school to pupils with special educational needs.

The governing body of schools must publish information on their websites about the implementation of the governing body's or the proprietor's policy for pupils with SEN. The information published will be updated annually and any changes to the information occurring during the year will be updated as soon as possible. The information required is set out in the Special Educational Needs and Disability Regulations 2014.

WEBSITE SUMMARY – INFORMATION MUST INCLUDE
--

1. How the school meets a range of SEN
2. How the school identifies and assesses SEN
3. The name and contact details of the SENCO (mainstream schools)
4. How the school works with parents
5. The curriculum offer for SEN pupils and how the school differentiates
6. An example of the school's provision map for supporting the needs of pupils with SEN
7. The school's approaches to teaching and learning for pupils with SEN
8. Links to relevant policies – SEN, Single Equality Scheme (disability, discrimination & equality) Accessibility, Medical (including responsibility for individual Health Care Plans for pupils with Medical conditions)
9. Arrangements for engaging with pupils and parents
10. Arrangements for preparing for transition
11. Expertise and training of staff
12. Engaging with the wider curriculum, for example sports or arts provision
13. Pastoral care for pupils with emotional and social SENs
14. Arrangements for pupils with SEN who are Looked After Children
15. Links with external agencies
16. Who to talk to re SEN
17. How to make complaints
18. How the school contributes to the LA's local offer
 - a. Weblink to the LA Local Offer for accessibility to parents/carers
 - b. How parents and young people can request an assessment for an EHC plan
 - c. Arrangements for travel to and from schools, post-16 institutions and early years providers

As stated in Section 1 the school will continuously monitor and evaluate the working of the SEN policy gathering information on the following aspects;

- Number of pupils with SEN, expressed as a percentage of the school roll, and any changes to the level of support they receive
- The level of support pupils received and the amount of progress they make
- The 'value-added' data of pupil progress
- The success of resources
- The impact of training and new approaches to meeting needs
- The identification of training needs
- The impact and outcomes of the review process
- The development of pupil participation
- Relationships with parents
- The impact of the statutory process on pupil progress
- The success of involvement of outside agencies
- The success of liaison with other schools.

Arrangements made by the governing body relating to the treatment of complaints from parents of pupils with special educational needs concerning the provision made at the school.

Any complaints from parents of pupils with special education needs concerning the provision made at the school should be made through the school's procedures as set out on the school's website and in the prospectus.

The School's staffing policies and partnership with bodies outside the school.

Arrangements for Professional Development for all staff, including SEN staff and learning support assistants, in relation to special educational needs

The professional development of all staff involved in meeting the needs of pupils with SEND is ongoing and continuous. A wide range of training opportunities is provided which includes;

- Skill sharing and the demonstration of teaching techniques and strategies organised within the school
- Professional development sessions and one-off sessions on relevant subjects provided by SEND specialists
- Attendance at courses offered by external providers, accredited and non-accredited, as part of the school's Performance Management process
- Other courses which are relevant to the work being undertaken. This can be generated by staff interest or can be undertaken at the request of the SENCO.

The role played by the parents of pupils with special educational needs.

All parents and carers of pupils with special educational needs at St. Saviour's CE Primary School are considered to be our partners. They will be supported so they are able and empowered to:

- recognise and fulfil their responsibilities as parents and play an active and valued role in their pupil's education
- have knowledge of their pupil's entitlement within the SEN framework
- make their views known about how their child is educated
- have access to information, advice and support during assessment and any related decision-making processes about special educational provision.

To make communications effective, staff at St. Saviour's CE Primary School will:

- acknowledge and draw on parental knowledge and expertise in relation to their child
- focus on the pupil's strengths as well as areas of additional need
- recognise the personal and emotional investment of parents and be aware of their feelings
- ensure that parents understand procedures, are aware of how to access support in preparing their contributions, and are given documents to be discussed well before meetings
- respect the validity of differing perspectives and seek constructive ways of reconciling different viewpoints

- respect the differing needs parents themselves may have, such as a disability, or communication and linguistic barriers
- recognise the need for flexibility in the timing and structure of meetings

Pupils

The pupils' views will always be ascertained, but this may not be through direct discussion with the pupil. Pupils will be enabled and encouraged to participate in all decision-making processes in education, including the setting of learning targets and contributing to personal plans, discussions about choices of schools, contributions to the assessment of their needs and termly reviews and transition meetings. They need to be part of the process, to know that they are listened to and that their views are valued

Any links with other schools, including special school, and the provision made for the transition of pupils with special educational needs between schools or between the school and the next stage of life or education.

Liaison with regard to the successful transition of pupils with SEND is undertaken with receiving and sending schools and colleges prior to transfer. Contact is coordinated by the SENCO. The SENCO will coordinate transition arrangements for pupils with SEND who are either moving into the school or on to new schools

At St. Saviour's CE Primary School, we have links with QE2 School and Woodfield Road Medical Centre to enhance our provision for pupils with SEN.

Links with child health services, social services and educational welfare services and any voluntary organisations which work on behalf of pupils with special educational needs.

The school is in contact with the following services and organisations:

- QE2 School
- Woodfield Road Medical Centre

Contact is coordinated by the SENCO.

This policy will be reviewed and updated annually. The SENCO will also report annually to the Governing Body concerning the effectiveness of the policy.
